

THE WOODSMITHS

Solid Wood Doors

Solid Wood Doors

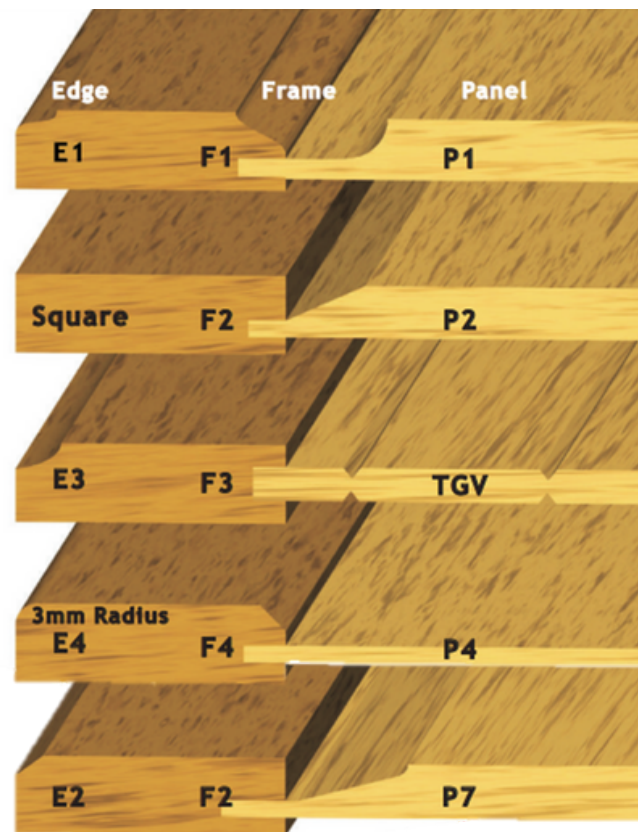

New Zealand's largest range of solid wood cabinet doors

Solid Wood doors are popular with fine detailing in classic kitchens or a simpler design for country or industrial styles. With limitless timber, profiles and finish options to perfectly suit your taste along with our 30 years of highest quality craftsmanship, choose The Woodsmiths to create your dream kitchen!

Door Profiles

The external edge, inner frame and panel profiles are shown in groups that are generally complementary, however most profiles are readily interchangeable.

Our Solid Wood Doors can be finished with either an Oil or Polish finish. We can also stain these with our range of colours

With a large range of profiles and a range of bespoke options, make The Woodsmiths your supplier of quality solid wood surfaces. Solid & dependable, this is a material that has proved itself to last for generations.

Using timber within kitchens is the easiest and most popular way of ensuring your kitchen features sustainable materials, causing as little impact as possible on the environment. Ask for options in our wide range sustainably harvested or FSC certified timbers.

All styles also available in MDF ready for lacquering
